Programming of Interactive Systems

Anastasia.Bezerianos@lri.fr

(TA Stacy Shu-Yuan.Hsueh@lri.fr)

Week 1 :
c. HomeWork and In-class Exercise

Anastasia.Bezerianos@lri.fr

(part of this class is based on previous classes from Anastasia,
and of T. Tsandilas, S. Huot, M. Beaudouin-Lafon, N.Roussel, O.Chapuis)

Homework assignment for next week

1st Homework assignment

(warm up assignment,
   5% of grade)

You want to develop a version of the legacy (and legacy) (and legendary) minesweeper game ☺.

Create a detailed interaction **storyboard**
      consider requested features
      … also possible design extensions

(details of the game, as well as requested features on the class website)

An online version can be found here http://minesweeperonline.com/

In-class exercise : start your homework
